

HOME WORK

MILITARY COMMITTEE URGES REGISTRANTS TO STUDY DRILL REGULATIONS

The Military Committee of the Board of Instruction announces that drills are to be resumed as soon as the health authorities will permit. In the meantime it is the desire of the Committee that all registrants should spend this suspension interval in study and drill in the School of the Soldier so that at the resumption of drills they may be perfected therein. This can be done individually by giving close study to all points of instruction contained in the infantry drill regulations, copies of which can be obtained at the majority of the book stores both in Glendale and Los Angeles, at a very small cost. The Class 1 men are particularly urged to obtain their manuals and study them as far in advance as possible.

During the suspension, members of the Military Committee have been in communication with each other as far as possible and they are arranging a schedule to be put into effect as soon as the ban is lifted. If any of the registrants or instructors are in doubt as to the interpretation of any of the instructions contained in the manual, or require assistance in any manner, any member of the Military Committee will be very glad to give such information over the telephone at any time. For the further information of registrants, the names of members of the Military Committee are given as follows: Captains W. C. Wattles, W. B. Kelly, K. E. Nash, R. L. Frasier, F. E. Heath, D. Ripley Jackson and H. B. Henry.

DR. H. C. SMITH LOSES BROTHER

Dr. H. C. Smith of Dorothy drive experienced a great shock Wednesday when a telegram was delivered to him announcing the death of his brother, Herman Smith, at Ainsworth, Nebraska, of influenza. He had not known that his brother was ill. As he is just recovering from influenza himself, he is not able to go to Nebraska to attend the funeral services. The doctor received yesterday his commission as an Army Captain, and is liable to be called to service at any time.

LETTERS WANTED

SERGEANT JOHN STODDARD WRITES OF SOLDIER'S GREATEST DESIRE

Mrs. L. B. Helfenstein of 304 West Myrtle street, this city, who has become somewhat noted for the dolls she has made for the local Red Cross Shop, is in receipt of an interesting letter from her brother, Sergeant John Stoddard of Company B, 33d Regiment of Engineers, in which he says:

"I have just received your letter dated August 23d. Glad to hear from you and also to know that my letters are beginning to arrive all right. I have also received a letter from you which was opened but which had a very good looking American dollar in it, very welcome. Thank you, gone but not forgotten.

"By the time this letter reaches you, your brother will have been made Sergeant Stoddard. My promotion will be announced in a few days. My pay will be \$51 instead of \$33.

"Our boys are making wonderful progress on the front, as you no doubt already know, but do not for one minute think that this war is near an end because, as you know, we are still a long way from Berlin and before we get there I am much afraid that a great many of our boys will be pushing the daisies up with their toes. If you do not hear from me, be sure to write at least twice a week, and send me your most popular newspaper as often as you can.

"I am very glad to know that you are doing so much for the Red Cross because all you women can do at home will be needed before the war is over, and believe me it comes in handy over here, more than I am able to express to you in words.

"The Y. M. C. A. is doing a wonderful work and it certainly would be missed if it were not here. We have one near the place at which we are stationed and can buy almost anything we require there. They also have concerts every evening for the fellows and some of them are very good.

"I can not think of anything more to tell you except that the boat we came over in was sunk on her return trip."

WEATHER FORECAST—Fair to night and Saturday. Gentle westerly winds.

TRUSTEES' MEETING

MRS. BULLIS ON LIBRARY BOARD MANAGER WITHDRAWS RESIGNATION

The Board met in regular session October 24, 1918, assembling at 8:00 p. m., all members present. The minutes of the last meeting of the Board were read and approved.

Applications for permits to operate motor bus were read from Alex Karnback and from Mrs. Alex Karnback, both being approved by the City Manager and the City Marshal, were on motion of Trustee Henry granted.

A communication was read from Irwin M. Walker, Attorney, in reference to the city contract with Tom Shima, for the collection of garbage. The communication stated that Shima has left the country, the business being carried on by his partner at present, and suggested that a new contract be entered into. On motion of Trustee Shaw, the communication was referred to the City Attorney to investigate and report.

A communication was read from C. L. Thedaker, agent for the Southern Pacific Ry. Co. in Glendale, in reference to the bill of that company for the moving of the Tropico tower. On motion, the same was referred to the City Attorney.

A communication was read and ordered to be filed from Thomas H. Reed which called the attention of the Board to the proposition No. 25 on the November election ballot, which is intended to give every city a more effective method of financing public improvements and asking the support of the voters for the same.

The Chairman of the Board reported having received by mail a petition signed by a large number of citizens and patrons of the Public Library, asking for the appointment on the Library Board in the place of Mrs. Madeline Kelley, who recently resigned her position on that Board. Mrs. Wesley Bullis. The Chairman stated that he was placed in an embarrassing position in regard to this matter by the fact that before he had any knowledge of this petition being in circulation, or the desire of the people to have Mrs. Bullis appointed, he had spoken to another lady to ascertain if she would accept the position and she had indicated her willingness to do so. The Chairman therefore presented to the Board the name of Mrs. Flora Temple, as a member of the Library Board. Trustee Muhleman made a motion that the appointment of Mrs. Temple be confirmed. The motion, not being seconded, led to some discussion of the matter informally and, as a result, the Chairman withdrew the name of Mrs. Temple and nominated Mrs. Wesley H. Bullis as a member of the Library Board, to succeed Mrs. Kelley. On motion of Trustee Henry, seconded by Trustee Jackson, the nomination of Mrs. Bullis was confirmed.

The City Manager reported that there were 16 cases of influenza in the City of Glendale up to date; that Dr. R. E. Chase, Health Officer, being ill and temporarily unable to attend to the duties of the office, Dr. J. E. Eckles has consented to act in his place during his indisposition. A circular from the State Board of Health has been received giving directions to citizens as to measures of prevention and care of the afflicted during the existence of the epidemic, and the Manager suggested that copies of the

COX FAMILY RETURNS

C. L. Cox, a former resident of this city and member of the staff of the Evening News, breezily blew in this morning with his wife and children, Vera, Wayne and Charles, Jr., in the auto in which they had driven overland from Indiana. The members of the party were a good advertisement of that mode of travel, as they appeared to have thrived on the experience. They were fully equipped for camping and covered the distance in three weeks in spite of losing two days on account of rain. They traveled at the rate of 125 miles a day and their consumption of gasoline averaged only a gallon to twenty miles. Mr. Cox and his family left here about eighteen months ago and have since been visiting relatives and friends in the Hoosier state, from whom they had been absent for six years. The severe cold they experienced last winter made them more favorably inclined than ever to Sunny California and they think they will be content to remain here for some time. They are at present stopping in Los Angeles. They say crops were very good in all the territory they traversed, especially wheat, except the country west of central Kansas, where drought had caused much loss. Field after field of milo maize and kafir corn was brown and completely burned out.

ALLIES MAKE GAINS

REPORTS FROM ALL WESTERN BATTLEFRONTS THIS MORNING ARE ENCOURAGING

(Special Service to Glendale Evening News)

LONDON, October 25.—The British forces today continued their drive on Manbeuge after gaining ten miles during the night. They reached the outskirts of Le Quesnoy and captured Vendieges and Maing, four miles southwest of Valenciennes.

Northwest of Ghent the Belgians bloodily repulsed heavy German counter attacks.

A new attack was launched this morning by the French north of Laon.

East of Rethel the French captured Ambly-Fleurs and on the Oise front repulsed German attacks of considerable violence.

The Americans late yesterday completed the capture of Grand-carre farm and made important gains in the Ancreville region.

On the Balkan front the Serbians violently attacked the Austro-Germans in the Morava valley, forcing them to retire. The Serbians have occupied three towns and are still advancing.

COL. HOUSE IN FRANCE

WILL REPRESENT UNITED STATES IN CONFERENCES TO BE HELD IN PARIS

(Special Service to Glendale Evening News)

WASHINGTON, October 25. Col. E. M. House has arrived in France, where he goes to attend important inter-allied conferences to be held immediately in Paris for the purpose of bringing a more complete understanding among the allies of many new questions arising from the war, particularly in regard to German peace efforts. General Bliss and Col. House will represent the United States in these conferences. Col. House left Washington several days ago, but his movements were kept secret.

AUSTRIAN FORCES REVOLT

TWO SLAV REGIMENTS MUTINY AND CAPTURE KARLOVICZ—CROATIANS SEIZE SIUME

(Special Service to Glendale Evening News)

ZURICH, October 25.—Two Slav regiments have mutinied and have taken Karlovicz, according to dispatches arriving here. Other mutinies are said to have occurred elsewhere among the Austrian forces.

BASLE, October 25.—Count Jaroly announced in the Hungarian parliament that a Croatian revolt had occurred and that Siime, an Austrian naval base forty miles northeast of Pola had been seized.

CARL LIEBNECHT RELEASED

CROWDS IN BERLIN HONORING SOCIALIST LEADER CALL FOR ABDICATION OF THE KAISER

(Special Service to Glendale Evening News)

AMSTERDAM, October 25.—Berlin announces that Carl Liebnacht, Socialist leader, was released from prison Tuesday. He had been in prison following his arrest in connection with the outbreak in Berlin on May day, 1915.

PARIS, October 25.—La Information declared today that enormous crowds gathered in front of the Reichstag building in Berlin Tuesday, demanding the abdication of the Kaiser and the establishment of a republic.

The crowd gathered in honor of Carl Liebnacht, Socialist leader, who recently was released from a long imprisonment for opposing the government.

After a frenzied reception to Liebnacht, he was hoisted into a flower-decorated carriage and amid wild cheers of the people shouted, "The people's hour has arrived."

ANGLO-ITALIAN OFFENSIVE ON PIAVE

(Special Service to Glendale Evening News)

LONDON, October 25.—Evening News dispatches announce that a great Anglo-Italian offensive has been started on the Piave river in Italy. Four armies are engaged. Italian patrols entered Alono and Italian forces have captured two islands in the Piave river. The attack is making good progress.

PRESIDENT MAKES APPEAL

(Special Service to Glendale Evening News)

WASHINGTON, October 25.—The President today issued a statement appealing to the country to elect a democratic congress. He declared the Republican leaders had been unquestionably pro-war but anti-administration, and that "the election of a Republican majority may be interpreted in other countries as a repudiation of my leadership."

FRENCH ADVANCE IN FLANDERS

(Special Service to Glendale Evening News)

LONDON, October 25.—Battlefront dispatches at 1:30 this afternoon reported that the French in Flanders had crossed the Lys canal and captured the Deynza-Courtrai wood over a three-mile front. In the attack north of Laon the French captured Vesles and Pierpont, surrounded Lasserte and crossed the Serre river between Crecy and Mertieres.

BOARD SUSTAINED

PROVOST MARSHAL RULES THAT S. A. T. C. MUST FILE QUESTIONNAIRES

Members of the local Exemption Board have been gratified by the receipt of rulings made by the Provost Marshal General sustaining their interpretation of his instructions with regard to the status of members of the Student Army Corps as opposed to the contrary interpretation made by the Adjutant General at Sacramento. Some of the colleges have maintained that students are not obliged to file questionnaires, but this Board has maintained otherwise and required them to do so until some definite ruling should be received from the Provost Marshal General. The letter received by the Board Wednesday was dated October 21st and included the following statements:

"The letter of Provost Marshal General Crowder to draft executives of September 5th, 1918, contemplated in the procedure therein provided that Questionnaires should be filed by all registrants before they were inducted into the Student Army Corps but the records of local Boards might be made complete for statistical and other purposes."

The Exemption Board has received the second edition of Form 75 Standards of Physical Examination. A circular letter which accompanies the manual states that changes which have been made are for the purpose of making available a larger number of registrants having remediable defects (Group B) by transferring them to Group C for special or limited service. Then when inducted and accepted at camps, the defects may be corrected when convenient. Meanwhile the army will have the benefit of the service of these men. The Board is instructed that registrants thus placed in Group C should be at once reviewed and re-examined if necessary and recorded in Group C, subject to call for special or limited military service.

DEATH OF CHARLES WESTON SOULE

On Thursday the body of Charles Weston Soule, a former resident of Glendale who died of influenza and bronchial pneumonia, was buried at Forest Lawn Memorial Park. He was 28 years of age and until about four years ago was a member of the family of his cousin, Mrs. John Seaman, who at that time lived in the Tropico district. Mrs. Seaman and E. H. Weston, the photographer, were his only relatives on this coast. For the past seven years he has held a responsible position with the State Highway Commission and since leaving this city has resided in Los Angeles. He made many friends here who will be grieved to learn of his death.

WAR SACRIFICE

Many people in Glendale will remember Edith Cutler, who spent the winters of 1910-1911 with her aunt, Mrs. W. W. McElroy. It was the last year of the Country Club's existence.

Mrs. McElroy has received a letter from Edith's only brother, who is doing Y. M. C. A. work in France. He was in the Spanish-American war before he went to college. Realizing the need of such organization near the front and the good that could be accomplished among the young men there, he offered his services as soon as war was declared. He writes that he is on duty 16 hours out of the 24. From two to three thousand soldiers visit the hut daily and about 20,000 francs taken in during the month. It was not an easy sacrifice for Mr. Cutler to make as he left a wife and three children at home besides relinquishing a good law practice.

RED CROSS NOTES

A shipment was received Thursday morning at Red Cross headquarters which consisted of muslin and outing flannel to be made into chemises for 12-year-old girls and petticoats for two-year-old children. This material will be cut into garments at once and made ready for the workers in the garment department of the Chapter who will be summoned to the workroom as soon as the "flu" embargo is over.

George Sawyer, head of the Commercial Department of Glendale High School, and Miss Vesey, head of the Glendale Commercial School, are utilizing their enforced holiday in auditing the books of the Chapter. The annual meeting and election of officers was originally set for October 23d, but it has been postponed indefinitely on account of the "flu."

LA CANADA VINEYARDS

GRAPES GROWN IN HIGH ALTITUDE HAVE LARGE SUGAR CONTENT SAYS MR. WHITE

H. E. White, of the firm of Packer & White, Studebaker distributors of this city, but whose home is in La Canada, gives some very interesting facts in regard to vineyards in that locality, which cover a large area and which are renowned for the fine quality of their product. This he explains is due to the altitude and to the fact that they are produced without irrigation, which tends to increase the sugar content and increase value proportionately. The richer the sugar content, the higher the price paid, other things being equal, he says. The crop this year, he declares, has been exceedingly fine and the prices very satisfactory to the growers. With the exception of a limited area, the crop has practically all been harvested, and in spite of unfavorable climatic conditions which have worked some hardship, growers have received good returns. Wine grapes in the valley have brought from \$35 to \$45 per ton, whereas during the three or four years previous the price has ranged from \$15 to \$25 a ton. This pleasing situation is considered the more remarkable in the face of proposed prohibition legislation. These sweeter grapes grown in the high and dry altitudes are used by the wineries to mix with the products of valley vineyards near the coast, which contain less sugar and therefore make a finer grade of wines than could be produced otherwise.

The crop of table grapes for which La Canada is famous was unusually large and fine, but foggy weather such as has been experienced this year causes mildew and Mr. White estimates that 25 per cent of the table grape crop was damaged from that cause. This obliges the grower to go over the big bunches and remove berries showing rot, which means labor and loss of weight. These damaged berries are not a total loss, however, under present conditions, as they can be sold to the wineries. If prohibition goes into effect this market will cease.

A GUEST FROM OVERSEAS

Dr. Jessie Russell of this city has been made very happy by the arrival yesterday direct from France of her brother, Ford Mackay Jack, who has been sent across by the government to help in the United War Work Campaign which will be on from November 11th to 18th. He has been overseas for more than a year in Y. M. C. A. recreational and other activities and in that time has visited France, Spain, Italy and England. He is very tired and will be glad to rest for a while in the home of his sister before entering the campaign. He will probably be here for some time.

BOCHES ON THE RUN

"BILL" CASES WRITES THAT HE IS TRAVELING FAST AFTER THE HUN

Mrs. M. L. Case of 642 West Colorado has received the following letter from her son, Wm. E. Case of Co. H, 362nd Inf.:

Somewhere in France,
September 28, 1918.

Dear Mother:

How are you all? Wish I could see you all again. But it will not be long I think until there is peace again. Perhaps we will eat Christmas dinner together. The Boches are on the run and they are getting pretty sick. The Yankee bluff has turned out to be the real thing and the Kaiser's hand is called. The Germans are surrendering by the thousands and the end is near I am sure. I haven't written you for a long time. I have been on the go and am in the real thing at last. Haven't received any mail for over a month. We are traveling too fast keeping the Huns on the run. I am sitting in a dug-out writing this and the noise outside is deafening, a continual roar, and overhead are droves of airplanes, circling here and there. I saw an airplane battle yesterday and it was a wonderful sight. Our side won out. The Boches' machines shot down one of our big observation balloons and then our airplanes came to the rescue and it was a glorious scrap. We are resting up for a couple of days. Perhaps we will get some mail through today. God bless you all and keep you well. Give my regards to all who may inquire about me. With love to you all, I am, as ever,

BILL.

P. S.—Gen. Pershing has said: "Heaven, home or hell by Christmas, boys," and we think he has it about right.

CALL AT Christy's Store

City Engineer, and on motion of Trustee Muhleman, the Manager was instructed to confer with Mr. Pirtle and invite him and other property owners of the Canyon to meet with the Board at its regular session on Thursday next, October 31, 1918, and discuss the matter.

The Manager reported that Mr. Walker, who had sold to the City a lot along Verdugo Wash, required to be used for flood protection purposes and straightening the channel, has agreed to wait for the sum of money due him for same.

The City Manager submitted a written communication in reference to his resignation as handed to the Board of Trustees at the meeting of October 10, 1918, stating that the same was submitted upon the supposition that one of the members of the Board was dissatisfied with the office of City Manager as now conducted, and it was his desire to dispense with the services of the present incumbent. He has been informed since, however, by the member of the Board, that such is not his attitude toward the incumbent of the office. In view of these facts, the resignation tendered on the 10th inst. is withdrawn. On motion of Trustee Shaw, it was ordered that the communication be placed on file and the resignation of the City Manager be considered as withdrawn.

On motion of Trustee Muhleman it was ordered that employees of the city be instructed to the effect that at 2 a. m. on the morning of October 27th next, 1918, all clocks will be set back one hour and their hours of duty will be regulated accordingly.

The Manager of the Public Service Department reported that the application to the State Railway Commission for permission to take over the Tropic Electrical Power Distributing Plant, had been filed, together with the request that the commission give a ruling in regard to the 10 per cent clause in the contract formerly authorized by the commission, there being a difference of opinion in regard to that point between the parties concerned. He also reported the

installation of a red light on the San Fernando road, as previously instructed.

The City Attorney reported that the Pacific Electric Railway Company had issued an order extending the 5c zone within the City of Glendale from the San Fernando road to Arden avenue or anywhere eastward on Broadway, and extending the zone from Broadway northward to include Pacific avenue, within which the Ruth avenue district is included.

PIGEON MESSAGE SAVES YANK'S LIFE

By Fred S. Ferguson

(United Press Staff Correspondent)
WITH THE AMERICAN ARMY IN FRANCE, Oct. 4. (By Mail.)—This is a specific instance of how a pigeon saved a man's life.

It happened in the days before the St. Mihiel salient was wiped out and while the Americans were holding the 4-year-old line before Seicheprey. It was an inky black night, but patrolling was necessary, and a little group of doughboys crawled over the parapet, through the wire and out into No Man's land. One of the boys carried a pigeon basket on his back. The light wicker carrier fitted between his shoulders and he scarcely noticed the weight of it. The man with the pigeon basket was assigned to go to the right of the main patrol body, with the understanding that the entire unit would meet at a specified place at a certain time.

But a barrage came down. The boche heard the movement and turned loose artillery. The lone American was cut off. To escape the barrage he was compelled to take cover in a position from which he knew escape was impossible. A single American moving there would be certain to bring outposts upon him. A stronger force could fight the outposts off, or possibly get back to its lines without combat because enemy outposts would not care to start trouble with superior numbers.

The American thought these things over. Then he thought of the pigeon in his basket. He scribbled a note giving his position and asking assistance. This he slipped into the little aluminum message box on the pigeon's leg. The bird flew away.

Ten minutes later a patrol was approaching the stranded American's position. Five minutes more and he was on his way back to the lines with his reinforcements.

"How did you find out where I was?" the doughboy asked the patrol leader, as they climbed back over the parapet to safety.

"Pigeon message," came the response.

"Well, I'll be darned; I just played that as an outside bet, and didn't hope to win," the doughboy countered, "but I'll sure hang close to those pigeons from now on."

What happened was that when the pigeon was released from the American's hiding place near the boche lines, it flew straight to its cote near division headquarters. The message was quickly read and regimental headquarters called on the telephone. Regimental headquarters called the post command in the front line, and within a couple of minutes the patrol was scrambling out to the rescue.

In addition to flying in the most difficult weather, war pigeons have displayed their stamina and "nerve" by sticking at their work even though wounded. One pigeon arrived at a certain American cote with a flesh wound in the breast. Others have had the closest possible calls by flying shell splinters, but always they have kept to the air until they have reached home.

A LITTLE SLIP-UP, MR. HUN:

(By United Press)

LONDON, October 3. (By Mail.)—He was a "brass-hat" and he came leaning heavily on a stick, limping into a casualty clearing station. He said he had sprained his ankle, but as he knew all about first aid he would bandage it himself.

The busy officer in charge handed him the necessary trimmings, and quickly writing a tag, tied it to a button high up on the tunic.

Seated in an ambulance, he was soon in Amiens, where he remarked to the officer receiving wounded that he would stay in that city and be all right in a week or ten days. However, as his tag read, "No. — General Hospital," at a base near the coast, the officer said, "Sorry, but I've got to send you down to the base"—and to the base, the brass-hat went.

There, despite his almost flawless English, his lack of knowledge of the most ordinary army matters soon brought him under suspicion. The brass-hat was a Hun. His curiosity and sprained ankle both were cured.

To make the Fourth Liberty Loan the biggest kind of success is right in line with all Red Cross endeavor; for the Red Cross Spirit—the Spirit of Liberty—the American Spirit—are synonymous.

CLASSIFIED ADS

Personals

George H. Binns of 1540 Milford street is said to be very ill of pneumonia.

Harry Chase of Isabel street, who had a relapse from a severe case of grippe and pneumonia complications, is reported to be very much better and out of danger.

C. E. Peck, the jeweler, reports that his son, who has been dangerously ill at an El Centro hospital, has been removed to his home at Calexico and is slowly regaining his health.

Mrs. F. D. Silvius of Colorado boulevard, who has been nursing cases of influenza and pneumonia in Los Angeles and Glendale, has herself contracted the malady and is quite ill at her home.

Born, at the Sisters' Hospital on Thursday, October 24th, at 11:30 a. m., a 7½-pound daughter to Mr. and Mrs. Charles O'Neill, brother and sister-in-law of Father James O'Neill of this city. Father O'Neill reports that his brother is a jubilant father.

Dr. R. E. Chase, city Health Officer, who has been seriously ill of influenza, is much better and was able to sit up for a while this morning. Mrs. Chase, who has also been a victim of the epidemic, has had a relapse and is not so well today.

Lou Kerri, who resides at 220 Hawthorne street and who for many years has been in the employ of Kent & Sons of this city, was taken to Thorncroft hospital last night suffering from pneumonia, and is said to be very ill.

Clarence E. Kimlin, Manager of the Glendale Sanitarium, says he is "fine and dandy" now. About two weeks ago he went to the Bay Cities to attend a convention, was taken sick and had to go to a sanitarium and miss everything he went north to get, to his great disgust.

The sympathy of Glendale club women will go out to Mrs. Lloyd Harmon, whose husband is to be buried this afternoon. She has been president of the District Federation of Women's Clubs and prominent in other club activities which have given her a wide circle of friends.

Building Inspector Chobe, who is carrying on some of the work of the City Health Office during the illness of Dr. Chase, reports that warning literature advising the public how to avoid influenza will be distributed today; also that all houses in which there are cases of influenza will be placarded though not quarantined.

The Glendale office of the Pacific Electric reports that word was received this morning from the Crocker hospital that E. N. Bishop, the P. E. expressman who is suffering with pneumonia and was taken to the hospital Wednesday, passed a very good night Thursday and there are encouraging indications of his recovery.

Edwin Weston, the noted art photographer of Glendale, was awarded first prize for his exhibit at the California Liberty Fair. The photographic exhibit, which numbered five hundred entries sent from all parts of the United States, was given a pre-view at a photographic salon in the Brack building, where the awards were made. The winner of second prize was Miss Margrethe Mather of Los Angeles, who is an old friend of Mr. Weston.

Members of the Tuesday Afternoon Club know that a series of teas for the benefit of the fund for recreation homes for soldiers abroad, had been planned, the first of which was to have been held next Tuesday at the home of the Club president, Mrs. W. W. Ramsay. Mrs. Clotworthy, press representative of the Club, announces that the tea has been indefinitely postponed on account of the "flu."

Ex-Congressman Charles Bell of Pasadena has just received letters from commanding officers and friends of his son, Lieutenant Kenneth Bell, who was killed in the battle of St. Mihiel September 27th while making a dangerous attack on enemy balloons. The machines of Lieutenant Bell and Lieutenant Buckley, a fellow officer, collided in midair and both were killed instantly. Before his enlistment the Lieutenant was a member of the staff of the First National Bank of Pasadena. Congressman and Mrs. Bell are quite well known in Glendale.

Lieut. Wittmyer, son-in-law of Acting Vice-Chairman Olin Spencer, writes frequent letters to his wife and relatives concerning his life as a soldier over there, although he is careful to avoid mentioning anything likely to be disapproved by the censor. When last he wrote he was in a signal service camp engaged in putting up telephones. He says he is enjoying his experiences and it is a nice country, and everything possible is being done for the comfort of the soldiers. He would like, however to get back to his base camp, then to Berlin and then home.

ALTA STONE ENLISTS

Miss Alta Stone, who grew up in Glendale, was graduated from the High School and taught here for a time, is taking up Red Cross nursing at Camp Kearny and was in Glendale Thursday as guest of honor at a family dinner which her sister, Mrs. Dan Kelly, Jr., gave that her numerous relatives might have a chance to visit with her before she enters the service. She has been teaching at Sonora, California. She took a civil service examination and offered her services to the government for any capacity in which it could use her. A few days ago she received the call to enter the Government school for nurses at Camp Kearny. She has a big circle of friends in Glendale who will be interested in her war work.

PAY THE WAR FUND

The war is not over. If it should end tomorrow there would still be the urgent need of the American Red Cross being bountifully supplied with money. The number of American soldiers in Europe is increasing every day. The wounded are increasing in numbers. The families at home needing the helping hand of the Red Cross are increasing. The desolation, starvation and destitution in the submerged small countries of Europe is increasing and the Red Cross must go right to the front in all the rescue work. The pledges you made in May at the second war fund drive to back the Red Cross with your money are of no consequence unless those pledges are paid. Volunteer collectors will be out for the Glendale Chapter during the balance of this month, not asking you to give anything, but asking the payment of pledges that are now overdue. Meet them with a glad smile and redeem your pledge as a duty to yourself and your country. Don't wait for the collectors. Come up to headquarters and redeem those pledges.

Very Respectfully,
O. SPENCER,
Acting Vice-Chairman.

A PASTORAL LETTER

The pastor of the Glendale Presbyterian Church is sending out a "Pastoral Letter" to all members of the church and congregation. The letter contains a quotation from Dr. Powers, County Health Officer, and is worthy of repetition: "If people would quit fearing influenza, and stop worrying themselves into a state of illness, if they would only let smelling salts alone and stay out in the open air as much as possible, keep the mind healthy and the body clean, they would do far more than with dope to escape infection." The further advice from our officials is to "keep cool and be careful." Influenza is nothing more or less than our old familiar friend (?) the gripe. We have more of it this year than usual, but this is no reason why we should allow ourselves to be run off our feet.

Among other things, members of the church are urged to keep faithful to their daily devotions, and especially remember their church vows and faithfully live up to the spirit of them.

Certain fixed expenses go on even though the church is closed. Members are requested to lay by the Lord's money through their weekly offering, and give it to one of the elders or deacons or the pastor. If desired, a collector will call for the envelopes, or if more convenient they may be left with M. P. Harrison at First National Bank before November 1st. Sunday School scholars are also urged to lay by their regular offering and bring the total to church at the time to be appointed. We are hoping and praying for a speedy and permanent relief. In the meantime, trust in God and do the right.

JAPANESE RAISE RATES

The Japanese Labor Station announces that owing to the increased cost of living, they will advance their rates to 50 cents an hour; \$1.65 for half a day; and \$3.20 for all day. 30t24*

NEW FOOD RULES

MRS. CHAS. HUTCHINSON GIVES LATEST INSTRUCTIONS FROM FOOD COMMISSION

The citizens of this community are quite familiar with the wonderful accomplishments of our U. S. Food Administration in the saving of food for our allies through the gospel of the clean plate, the wheatless day and the meatless day. The saving of a slice of bread alone meant the equivalent of the crop of wheat from 500,000 acres of land, the teaspoonful of sugar meant millions of barrels of sugar.

The spirit of self denial, that others may share, has so permeated the American household that this year the Food Administration feels safe in abolishing the compulsory rulings and will test the people for the true spirit of democracy. The words "you must" will be supplanted by "are you willing?" and like true Americans we will rally to the bugle call and accomplish even greater things this year. The following article taken from the official food bulletin will be of valuable assistance to the housewife.

MRS. C. E. HUTCHINSON, Woman Director of Food Conservation.

Nearly all the schools in the state are now well started on the work of the new year.

Looking back over the program of previous years, how simple and easy it now seems to follow the courses of instruction with but a thought of fitting the pupil for the ordinary duties of life, and developing his ordinary intelligence. How different is the question today of what is best to select, and how the instruction should be given to meet the needs of this new era of national life! One point is surely true, and that is, we must make no mistake in losing time and energy on non-essentials.

Are you going to listen to Hoover's appeal and honestly try to learn what foods you personally need, or are you going to be a slacker and just go on following old customs, hard-fixed habits and long-acquired likes or dislikes.

Listen to what America must supply this second year of war in the way of foodstuffs:

Four billion pounds of fat.

With one-third ounce saved daily there would be a saving of four hundred thousand (400,000) tons a year. Nine billion pounds of beef products.

If each American would save one ounce, it would equal the meat from four million four hundred thousand (4,400,000) animals a year.

Five hundred thousand bushels of cereals—a pound a week saved by each individual in the United States, would furnish 133,000,000 bushels in a year.

One million five hundred thousand tons of sugar—one ounce saved a day would make a stock of 1,185,000 tons this year for our army and allies.

TO SAVE THAT OUNCE A DAY IS PART OF YOUR WAR SERVICE.

Following are a few suggestions for "balancing" up your daily diet:

Helps to a Wise Choice

Take from each class.

Use sparingly the foods printed in capital letters. Use freely all others.

Protein

Dried Beans, BEEF, Cheese, Eggs, Fish, Game, MILK, MUTTON, Nuts, Dried Peas, PORK, Poultry, VEAL.

Fats

BACON, BUTTER, Corn Oil, Cottonseed Oil, CREAM, HAM, Margarine, Nut Butterine, Olive Oil, Peanut Oil, SALT PORK.

Sugars

CANDY, Dates, Dried Fruits, Figs, Honey, Jellies, Jams, Molasses, Raisins, Prunes.

Starches

Barley, Cereal Foods, Chestnuts, Corn Meal, Cornstarch, Potatoes (Irish), Potatoes (Sweet), Rice, Rye, Tapioca, CRACKERS, Oats, WHEAT, WHITE BREAD.

Regulators (Minerals, Acids)

Fruits: Apples, Bananas, Berries, Lemons, Melons, Oranges, Pears.

Vegetables: Cabbage, Green Peas, Celery, Greens or Pot Herbs, Onions, Salads, Squash, String Beans, Tomatoes.

For children, use liberally whole milk and eggs.

And having studied to make a good selection, compatible with the needs of health and strength, make it a gospel to let no crumb escape that might contribute to the life of one human being! Remember the slogan of the "Clean Plate."

The High Food Value of Candy

THE
TRUTH
ABOUT
CANDY

"Is candy really nutritious? Why, I always thought it nearly all sugar."

This is the mistaken impression that the candy industry is striving to correct.

Of course, there is sugar in candy—but the total amount allotted candy manufacturers by the U. S. Food Administration is less than one-third pound per person per month.

Besides sugar, however, candy contains chocolate, milk, honey, nuts, raisins, fruit, etc.—all highly nutritious and splendid fuel for the system.

Growing children crave candy because growing bodies require much fuel.

Ask any soldier why he eats candy so eagerly and he will tell you that it furnishes the energy and "pep" that he needs.

A pound of chocolate creams of standard quality contains 2092 calories of heat and energy as against 884 in cream, 695 in eggs and 1090 in beefsteak.

The U. S. Food Administration recognizes the high food value of candy. Don't deny candy to your children or yourself, but eat it in moderate quantities, remembering that if you eat too much others may go without.
